The Coombs Care Home

COLEFORD

For more information, call **0800 988 8133** or visit www.osjct.co.uk

Built as a majestic private residence in 1856, The Coombs was sympathetically renovated 100 years later and now offers nursing and residential care. Surrounded by large, pleasant gardens and situated close to Coleford town centre in the beautiful Forest of Dean, The Coombs is adjacent to the Coombs Park Estate.

This warm and friendly home offers a mix of different accommodation, in the original Grade II-listed main house or in one of the specially designed single storey lodges that have subsequently been added.

Above all, it is the friendliness of the professionally trained team and homely atmosphere, which are most remarked upon by residents and visitors alike. Whether you wish to relax in the large lounge in the main house, read a book in one of the smaller sitting rooms in the lodges, take part in our wide variety of activities or join one of our social events - there's something for everyone.
