At the end of your stay, we will provide you with a statement of account detailing any fees incurred and paid. We will also return any amounts owed.

Insurance

You or your representative will need to arrange insurance cover for your personal belongings and valuables. We hold insurance against claims for injury or death, arising from an accident that is our fault.

Your finances

We strongly recommend that you consult with an independent financial advisor as part of entering into a significant financial commitment. Prior to entering this contract, we will undertake a financial assessment with you to ensure that you understand the financial commitment you are entering into. We may undertake this again at any point where your financial circumstances change. On average, an individual stays with us for 2 years, hence why we ensure you have funds to meet this commitment.
